Stipulations: Shot records Health certificate & coggins Halter broke & ties

Height limit (give limit) _____ Other (please specify) easy enough to catch, no require on founded mares

Clean culture to be done by Stallion owner's vet at mare owner's expense May submit their own

Brief Write-Up:

Glory has been a special boy since the minute he was born and I had high hopes for him from that day on...and he has not disappointed me. His show record is full of National and Congress Champion and even Junior Res. Championships...every year he was shown as a yearling, two year and three year old he ended up in the winners circle at both Nationals and Congress. While I loved showing Glory I am even more excited about his impact as a breeding stallion. His first foal crop hit the ground in 2021 and while I only breed a very small amount of mares to my stallions each year his first three foals are out of this world. They are all beyond smooth, upright necks, small heads, loaded with prescence and wrapped up in a refined package. Glory's pedigree is loaded with Rock "E"...he is sired by Congress Grand/POY JHK Rock E Mr Candyman, who is sired by Congress Grand Mr. Morgan(who is a Rock E son) and out of a Congress Grand Hershey Bar (Rock E son) daughter. Glory's dam is HOF Superior Dam who is a daughter of Congress Grand/Stake The Admiral (Rock E son) and her dam is a full sister to Hershey Bar so a Rock E daughter. Glory does not stand to outside mares so this is his only offering.

Location of Stallion during 2022 breeding season
